

Victoria House Care Centre

Victoria House Care Centre provides a range of stays to suit individual needs from long and short term Nursing care including Respite care. We provide care for people who suffer from dementia, mental health needs and those with functional disorders. Care packages can be devised for those with additional needs and costs provided on request. Each care facility within Victoria House Care Centre is individual and staffed separately. Each unit has its own lounge and dining facilities. Victoria House Care Centre benefits from extended day lounges on the ground floor along with our fully functional Chapel. Victoria House Care Centre has activity rooms and private rooms where functions are held including private parties.

Osbourne Suite 22 bedrooms providing Nursing care, our holistic care for residents devised through person centred planning and shared decision making. Our skilled team will support service users to meet their needs through integrated approaches. Our residents can expect to receive support in all activities of daily living and therapeutic interventions. Our staff of Qualified Nurses providing a 24-hour cover and our team of care assistants ensures each service user can live with personal dignity in a safe and caring environment.

Kensington Suite 19 bedrooms providing Nursing care for elderly residents suffering from high dependency dementia. Kensington Suite offers a calm holistic approach to residents' care needs which is specific to their Nursing requirement.

Regent House provides Residential care the facility offers 17 bedrooms along with separate lounge and dining rooms. Regent House provides the highest quality of care, comfort and support with friendly, experienced staff in a warm, homely environment. Senior care staff have many years experience in caring for this client group, the environment is decorated in a manner that is calming, well signposted and based on a neutral colour scheme that reflects a peaceful environment. Regent House overlooks mature gardens.

Balmoral Suite 10 bedroom Physical Disability Unit which has been specially adapted to strike a balance between providing support when needed and helping residents maintain their independence. Our Senior Care Team encourage each resident to lead a full, active lifestyle where possible.

We provide a positive environment with an aim for continuous quality improvement.
