

Grace Court Care Centre

Grace Court Care Centre is a purpose-built care centre providing accommodation for 30 residents. The Care Centre is located one mile from St Helens town centre just off Prescott Road (A58) and adjacent to Morrisons supermarket. The local bus stop is located outside and secure parking is provided to the rear.

The Care Centre is split into two units, one providing 10 beds (Ash Wing) and the second a 20 bed unit (Oak Wing). Both units provide care for residents who require EMI nursing care.

Each unit provides innovative and flexible ways of caring for individuals who require varying levels of nursing care. Due to the physical layout of the units that make up Grace Court Care Centre, the facility provides comfortable adjust levels of care depending on fluctuating conditions of our service users.

Our 20 bed unit (Oak) provides spacious accommodation for people who require varying levels of EMI nursing care. Within this unit the accommodation comprises of two separate lounges both providing access to our dementia garden which provides secure, calming and a tranquil environment.

Oak has a separate dining room which overlooks the dementia garden and has access via bi-folding doors which, in the summer, enhances the secure living experience.

Our 10 bed care unit (Ash Wing) provides secure accommodation along with a separate garden area. Within Ash Wing there is a separate lounge/dining room.

Ash Wing provides accommodation for residents who suffer dementia but have more challenging needs. The physical environment of Ash Wing is designed to assist those residents who have challenging behaviour as a result of their dementia.

Our aim is to respect the dignity of each resident and maintain our philosophy of quality care. We provide all our staff with ongoing training which allows each staff member to understand the needs of each resident and enhance their knowledge of dementia.

Key Healthcare work closely with other health agencies ensuring each resident's interest is considered throughout their stay at Grace Court Care Centre. The cornerstone of Key Healthcare's philosophy is that we can always improve and strive for excellence. This has been achieved as all of our Homes as a group are fully compliant with CQC and local authority.

Caring for your comfort and wellbeing

At Grace Court, we aim to look after not just your health, but your whole wellbeing. We arrange regular visits from hairstylists and other professionals such as opticians when needed and you are welcome to keep your own doctor or dentist when convenient.

A welcome environment

When you feel like socialising, we have three spacious lounges to relax in, each with a television. Our lawns and patio are ideal for taking in the sun or enjoying a visit with your family and friends.

We regularly plan social activities for you to enjoy, including in-house entertainments and special celebrations at Christmas, Easter and Halloween. We also arrange day trips and outings to local attractions and beyond. Of course, it's up to you how much you get involved; you may prefer to read quietly in your room or pursue your own hobby and we fully respect your privacy.

Your religious beliefs are also important to us. You can visit your local place of worship where possible and if you wish, we will be delighted to arrange for your local minister to visit you.

A professional and caring team

At every Key Healthcare Centre, our priority is to provide you with excellent 24-hour care. Our Senior Directors carry out regular checks in all our Care Centres to make sure that we meet the highest levels of care possible, as set out by the National Care Standards.

Led by the Home Manager, our professional team includes qualified nurses who are on duty around the clock including, carers, chefs, housekeepers and maintenance staff. Through our on-going training programme, all staff are encouraged to develop their professional skills to keep them up-to-date in the care and support they give.

Grace Court provides nursing and residential care for older people who suffer from dementia, mental health needs and functional disorders. We are regulated by the Commission for Social Care Inspectorate.
