

## **Four Seasons Care Centre**

**Four Seasons Care Centre** is located in a quiet, secluded tranquil setting in the town of Saltburn by the Sea. The location of the Home is close to the centre of Saltburn and all the amenities including shops and main travel links. Four Seasons Care Centre comprises three individual care centres which provide nursing and residential care for the elderly who are suffering with dementia.

At Four Seasons Care Centre we aim to look after not just your health but your whole wellbeing. We regularly plan social activities including in-house entertainments and celebrations at Christmas, Easter and Halloween. Of course it is up to you how much you get involved, you may prefer to read quietly in your room or pursue your own hobby and we fully respect your privacy. Your religious beliefs are also important to us, you can visit your local place of worship and if you wish we will be delighted to arrange for your local Minister to visit you.

Our priority is to provide you with excellent 24-hour care. Our Senior Manager carries out regular checks in all our Centres to make sure that we meet the highest levels of care possible, as set out by the National Care Standards. We are regulated by the CQC (Care Quality Commission).

Led by the Manager, our professional team includes qualified nurses on duty 24 hours per day, carers, chefs, we also have housekeepers and maintenance staff. Through our on-going training programme, all staff are encouraged to develop their professional skills to keep them up-to-date in the care and support they give.

All three care centres at Four Seasons offer a secure and friendly environment, and benefit from spacious corridors and communal areas for those residents that are active. There is also an in-house cinema screen enabling service users to watch films and enjoy cinema days.

**The Autumn Nursing Centre** is situated within the original purpose-built facility with accommodation on ground and first floors.

The ground floor accommodation comprises 19 sizable single rooms. One dining room, two spacious lounges that are each equipped with a variety of entertainment systems and an outdoor seating area. The ground floor accommodation has two shower rooms, two bathrooms with wc's and three separate toilets.

The first floor comprises 11 sizeable single rooms. There are two bathrooms fully equipped with mobility aides for those who require assistance. Each bathroom has a toilet and there is also an individual toilet available and a large shower room. The lounge overlooks open countryside.

**The Summer Residential Centre** comprises a purpose-built 24 bed facility which has been designed to exceed the national minimum standards. Each room is tastefully decorated with co-ordinating soft furnishings and private en-suite facilities.

The ground floor offers 10 spacious bedrooms each with their own private en-suite facilities, a large bright lounge and an adjoining separate seating area which provides a comfortable day space for the residents. The ground floor has access to a private courtyard providing a seating area.

The first floor has 14 spacious bedrooms each with en-suite facilities, a large dining, lounge area with kitchen facilities. Further accommodation includes bathrooms and a shower room with full access to mobility aides for those who require assistance.

**The Spring Residential Centre** is our purpose-built 18 bed dementia residential care centre.

The ground floor offers 10 spacious bedrooms with en-suite facilities, with a central large bright lounge leading to a secluded private courtyard, a hairdressing salon, two separate wc's, a bathroom and a wet room. A lift is located on the ground floor that services each floor.

The first floor comprises 8 bedrooms with en-suite facilities. There is a spacious and bright lounge/dining area with stunning views of the local coastline. There is also an assisted bathroom and toilet facilities.

Four Seasons Care Centre offers a safe and secure environment for your loved ones with intercom access on the front entrance, security cameras and alarmed fire exits.
